

**Gulf Petroleum LTD**

**Gulf Petroleum LTD**

<https://gulfpetroleumltd.com/about-us/>

# INTRODUCTION

- Gulf Petroleum Management Team has an Extensive Experience (25+ years) in the Field of Analyzer System & Instrumentation.
- Gulf Petroleum Attracts the Best Technology Companies in the World for Local Production in Manufacturing of Liquid & Gas Sampling Systems.
- Gulf Petroleum has Established Service Support & Commissioning of Analyzer System & Instrumentation with Leading Global Manufacturers.
- To "Bridge The Gap" from Experience and Expertise, while Providing High Level and Professional Services.
- Gulf Petroleum Continuously Add Value and Support the Clients to Achieve Best Solutions.

## VISION

### Our Team

With Strive to Be the Leading Technology Service Provider in the GCC Region with Core Based in The Kingdom of Saudi Arabia.

### Our Services

Gulf Petroleum Local Presence Understand Clients Need in Providing Local and Continuous Maintenance Services and Support.

### Our Technology

Gulf Petroleum "New and Advance" Technology and Comprehensive Solution to Clients Will Enhance Their Productivity and Performance in Achieving Their Business Goal and Safety.

## MISSION

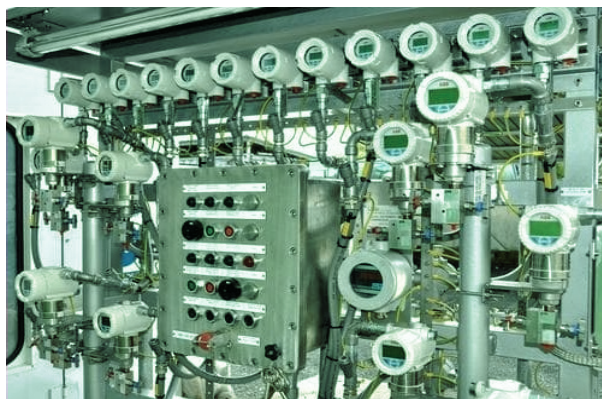

- Together we are "Bridging the Gap"
- Expert Technical Consultation and Support.
- Knowledge Transfer to Clients Technical Staff
- Cost Saving on Project OPEX and CAPEX
- Deliver Project On -Time and Within Budget
- Assist Clients in their Industrial Revolution (4IR) to Achieve the Digital Transformation.

# PRODUCTS

## Instrumentations

- Pressure & Temperature Transmitters
- Differential Pressure & Pressure Gauges
- Level Transmitters & Gauges (GWR)
- Flow Meters (Coriolis / Magnetic / Ultrasonic / Turbine Flow)
- Accessories & Spare Parts

## Analyzer Integration System

Design, Engineering, Manufacturing, Erection, Installation, Commissioning, Maintenance of both Liquid and Gas Analyzers systems.

### Gas Analyzers

- Total Sulfur Recovery
- Gas Chromatograph
- SO<sub>2</sub>, NO<sub>x</sub>, CO, CO<sub>2</sub>, CH<sub>4</sub>, O<sub>2</sub>, O<sub>3</sub>, SPM, OPACITY, PM<sub>2.5</sub>, PM<sub>10</sub>, TSP, HG, ETC
- Moisture, H<sub>2</sub>s, Oxygen
- Condition Emission & Monitoring System (CEMS)
- Portable gas Analyzers

### Liquid Analyzers

Steam and water analysis system, Effluent quality monitoring system, process liquid analyzers systems

- Sample handling system for liquid analyzers
- TOC, TURBIDITY, ORP, CHLORINE, HCL, NAOH, ETC
- Water in Oil Analyzer
- Oil in Water Analyzer
- PH, Conductivity
- DO, SILICA, SODIUM, PHOSPHATE,

## Fire & Flammable Systems

- IR, UV, UVIR, and multi-spectrum flame detectors
- Fire Detection & Suppressions systems
- Oxygen & Carbon Dioxide Gas Detectors
- Toxic Gas Detectors
- Aspirating & Sequential Detection Systems
- Smoke & Gas Aspirating Sample Systems
- Heat Detectors
- Sounders & Sounder/Beacons
- Fire & Gas Detection

## Wastewater Management Systems

- Dosing SKIDS / Chemical precipitation/ Chemical oxidation and reduction
- PH correction/ Coagulation flocculation / Settlement systems /Dissolved Air Flotation
- Dewatering systems / Emulsion Make-up Unit – Compact Tank System /Flexible Modular Design
- Odorizing Systems / Liquid Chemicals
- Emulsion Polymers/ Stabilized Lime/ Sodium Hypochlorite
- Acids & Alkalis i.e., Sulphuric Acid, Hydrochloric Acid, Caustic Soda, Sodium Bisulphite

## Aviation System

- Inline Samplers
- Large Inline Samplers
- Fuel Quality Equipment
- Fuel Loading Arms
- Fuel Loading Skids
- Dispensers
- Ground Fueling Equipment
- Overwing Refueling
- Overfill Protection

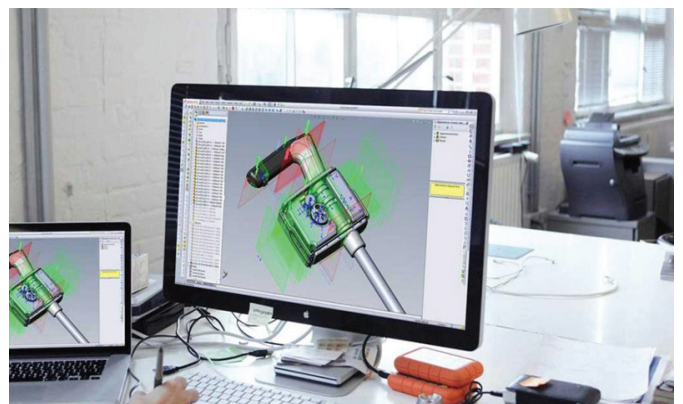

## SERVICES

- Annual & Preventive Maintenance Contract
- Minimize Costs and Reduce Downtime Through A Simplified Chain
- Just - In - Time Spares Management or a Single Source for Reactive Parts
- Global Supply Chain Network Delivering the Right Quality at The Best Value
- Obsolescence Mitigation Through Inventory Storage/Sourcing Alternative Components
- Helping You Plan and Reduce Your OPEX Through Effective Parts and Spares
- Manage Product Warranty Obligations

## Engineering Design

Our commitment has been to provide comprehensive and complete design services to gain our customers' satisfaction. We work closely with our clients to offer comprehensive, innovative and practical design solutions.

Our attention to detail, from concept stage to completion, consistently provides our clients with extremely successful designs. Special planning, detailed drawings, product and full material specification are all central to our design process presenting to clients with full costing for approval.

Our Dedicated Team is Passionate About Providing Clients with an Unmatched Experience as They Solve Critical Issues.

Our Service Capabilities, Combined with Deep Market Knowledge and Expertise, Help Customers in Their Day-To-Day Operations.

- We provide a complete project management service from start to finish, from initial concepts, design and manufacture through to on-site commissioning and hand over.
- Our highly skilled workforce has the expertise necessary to manage and complete projects in house, providing a comprehensive fabrication and manufacturing 'one stop shop' for our clients. As well as being more convenient, our fully integrated service saves our customers time, effort and money.
- Our dedicated team is on hand through every stage of the project and is committed to providing exceptional service and quality products. We deliver reliable products and components on time, on budget and to the highest standards.
- We work with our customers to interpret their ideas and use this as a basis to design custom-built products that meet their needs. Our flexibility to respond promptly enables us to adapt to day-to-day changes in design and specification.

## Installation & Commissioning

GPL Managements vast knowledge and experience enables us to develop testing and maintenance programs to suit your needs today and down the line. GPL testing and commissioning provides services that promote long – term and efficient operation of Instrumentations, Electrical, Electro-technical, Thermal Field and Mechanical

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore magna aliquam erat volutpat. Duis autem vel eum iriure dolor in hendrerit in vulputate velit esse molestie consequat, vel illum dolore eu feugiat nulla facilisis at vero eros et accumsan et iusto odio dignissim qui

- Factory Acceptance Test (FAT)
- Installation and Pre-Commissioning & Commissioning
- Pre-& Post Site Acceptance Test (SAT)

## Major Clients

SAUDI ARAMCO, SATORP, SIPCHEM, SABIC, MAADEN, YASREF, SAMREF, SASREF, ROYAL COMMISSION
